

Hello,

We just thought you might like to know that a new THG Ireland website is up and running at www.thgireland.ie. We have elaborated on our services, hopefully you will take a few moments to look around to get a better idea of what we can do for you.

We have several pages on The McQuaig System. Those of you who are familiar with the system may like to explore further ways in which you can get further value from your investment. You can find out more here:

<http://www.thgireland.ie/McQuaig/index.html>

We have a full Business Mentoring service that provides support for hard-pressed Senior Managers, Business Owners and Entrepreneurs who are trying to juggle the tasks of working in the business and working on the business:

Sometimes an extra hand can come in useful. Have you just so much work going on at the moment that you could do with an extra body, who can slot in and take control of a role or a project? Is a key executive absent at the moment due to illness, or is there a role vacant that cannot be ignored while it is being filled? Our Interim Management service might help here:

Are you looking to boost your own performance on the job, or that of a colleague? Is there a promotion coming up that you or a colleague might like some guidance on? Perhaps our Career Management service can help.

If you have any thoughts or comments on how we might improve our site, we would welcome your feedback. We will be making some further changes ourselves over the next few weeks, including the addition of a password protected Client Resources Section. So we really will welcome your suggestions as to what we can add to make the site more useful

Regards
